

# Cordless Pleated Blinds

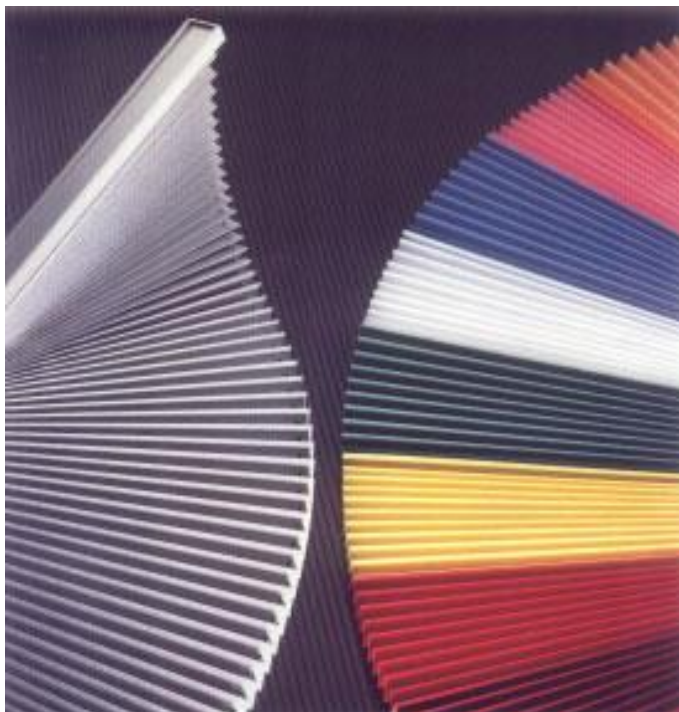

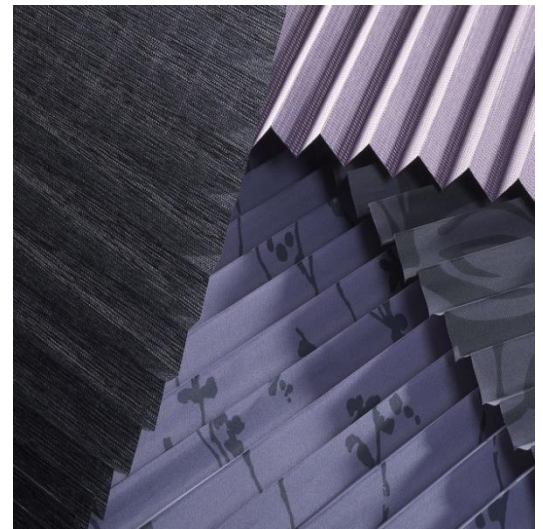

### **A Cordless Pleated blind for every window**

**Cordless blinds** – A **Pleated Blinds** are pleated fabric shades that pull up to sit flat at the top of a window to hide from sight (thus "blinding" the viewer) or to reduce sunlight, and therefore heat, when desired.

Our pleated blinds can be used in a variety of settings, from living rooms and bedrooms to your conservatory. Sleek and neat our pleated blinds can be custom made to fit into even the most awkward of windows.

For this reason they're ideal for use in a conservatory, both around the sides and in the roof.

**Available in different  
Colors and Patterns**

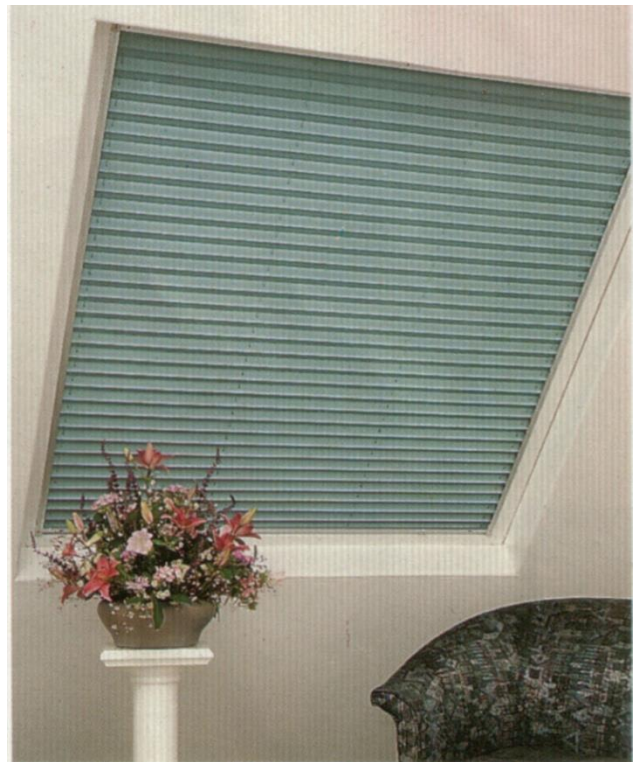

## 1) Printed Pleated Blinds

Ideal for bedrooms and home these fabrics block out light and reduce heat

## 2) Cordless Pleated Blinds:

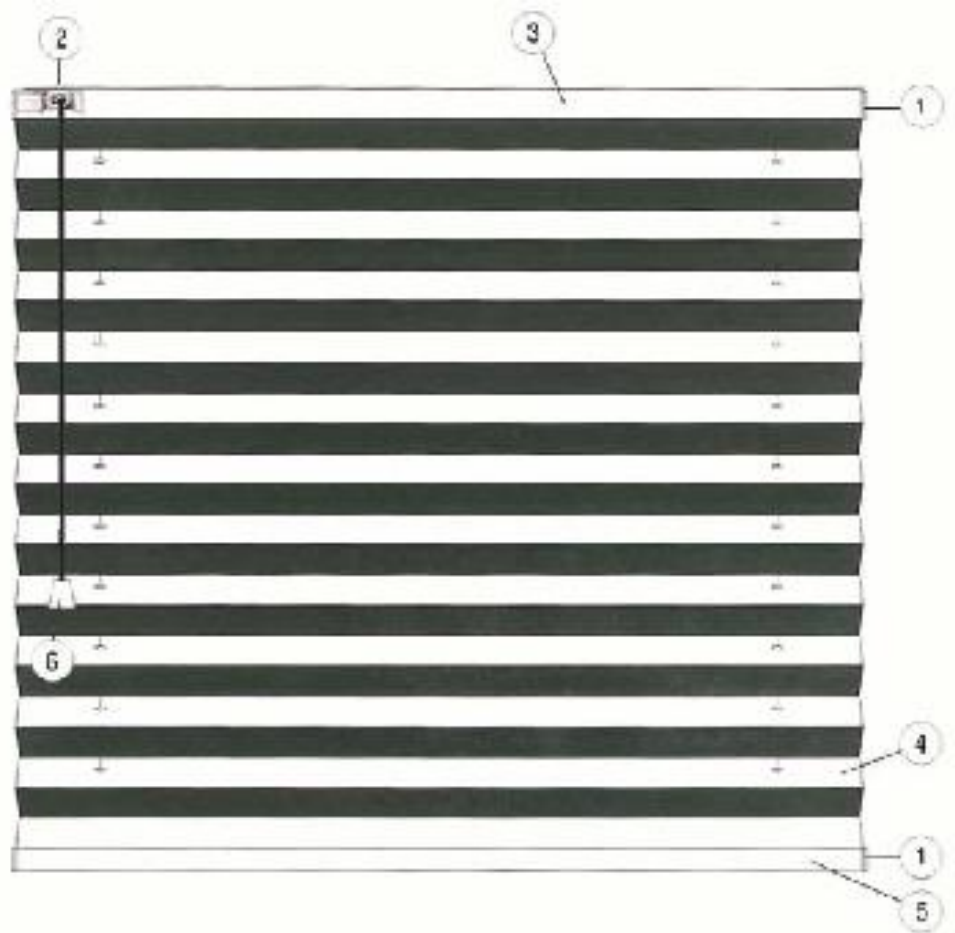

Ideal for living areas these fabrics reduce light, offer heat reduction

## LABELING
