INTRODUCTION

Welcome to THE PROTECTORS, a comprehensive source for high-quality window coverings and architectural products. In past 26 years, we have diversified into a versatile interior architectural products company with over 100 quality products and have revolutionized construction industry in Pakistan At Protectors, we are committed to building the highest quality custom-made products for every day, practical needs-from privacy to safety to light control-while also satisfying your desires for a stylish furnishing that transforms your home or office.

HISTORY

It started in 1984, with the production of Window Blinds in Pakistan and lateron added a wide range of building & architectural products. The Protectors commitment to quality products won many fans and the company soon expanded to a major supplier all over the country

COMPANY OBJECTIVES

At the protectors our goal is to be the best and to create new standards of excellence in the window coverings and architectural products. Our mission is to satisfy our customers on every transaction everyday by providing quality products, excellent service, fair prices and to build company value.

OPERATION PRINCIPLES

We believe in building mutually beneficial relationships with all important aspects of our business. We are committed to conduct our business activities with our customers, our employees, and our suppliers with integrity and respect. We take customer satisfaction personally, and are committed to being a leader in providing our customers with quality products and cost-efficient services. We believe that our suppliers are partners who share in our goals of excellence. To this end, we are committed to deliver both quality products and the latest product application knowledge to our customers. We respect the individuality of each employee and are committed to providing an environment which allows the employee to reach his or her potential, an environment which encourages productivity, creativity and teamwork.

OUR PROJECTS

39 | Page

Technical Support:

- On call **24/7 technical support team** is available with SPARES in all major cities Karachi i.e. Karachi, Islamabad, Lahore Peshawar and Quetta.
- Our facility is **ISO 9001** certified and SAP ERP systems are place to maintain the whole supply chain from production to customer delivery. This allows us deliver all the orders on time.
- We have the capacity to make motorized 30 feet width shutters according to the clients demand in all the possible profile i.e. manual, stainless steel, Polycarbonate Transparent, Aluminum, Wind and fire resistant, bullet proof etc.
- We use high quality **GALVANIZED** spring, pipes and pulley with foam packing for the best operational performance.
- **PAINT:** All powder Coated profiles in available according to the RAL standards.
- **BOTTOM:** Rubber bottom edge are available to eliminate sound and it also make it water proof.
- We are the only company in Pakistan to have specialized ovens of up to 30 feet for customized large shutters.
- **WE ALWAYS STRIVE TO PROVIDE QUALITY PRODUCTS THAT WILL LAST A LIFE TIME**

Why these Corporates choose The Protectors ?

Durability:

- Shutters are usually concealed and heavy duty durable motors are used.
- We only use best quality European Motors with full warranties of up to 5 years by SOMFY, FRANCE and BFT Italy.
- We offer 24/7 after sale service and maintenance contract option is also available.

Time Commitment:

- Presence in all major cities of Pakistan with head office in Karachi we have our regional offices in Lahore, Islamabad, Peshawar, Quetta and Multan.
- We maintain the 2nd Largest inventory of SOMFY (Made in France) motors in South East Asia with up to a minimum stock of 6000 motors with different horse power range at all given time. This allows us to fulfill huge orders with utmost ease.

Project Support:

- Regardless of the city or terrain our team is capable of handling projects of any size and scope. For example HBL is renovating its 1000 branch network and using our shutters.
